

## Concern Over Red Reaction

### To Forthcoming Proposal for Controlling Atomic Bomb

By John M. Hightower  
WASHINGTON, Nov. 14  
—(P)— Allied officials in-  
volved in the atomic bomb  
talks here indicated today  
they are largely concerned  
now about Russia's reaction  
to the forthcoming Anglo-  
American-Canadian propos-  
al for controlling atomic  
force.

There is a strong feeling evi-  
dent on the part of some that this  
is one of the climactic weeks of  
history. Decisions now being  
whipped into shape will influence  
vitality the future of Anglo-Amer-  
ican relations with Russia.  
These relations are the core of  
United Nations plans for policing  
world peace.

Evidence recently available  
from British authorities is that  
President Truman, Prime Minis-  
ter Attlee and Prime Minister  
Mackenzie King of Canada will  
seek particularly in their com-  
munique on plans for interna-  
tional atomic controls to reassure  
Russia. This may be done by  
offering to share scientific knowl-  
edge of atomic power fully with  
the Soviet Union and other coun-  
tries.

**May Ask Russian Aims**  
Indications are that at the same  
time Russia will be invited to  
reassure the western Allies about  
her policies and intentions by  
agreeing to toss her scientific in-  
formation in the contemplated  
pool and, possibly, by giving some  
evidence of her long-range terri-  
torial and political aims.

The question which has official  
insiders worried is, what happens  
if Russia doesn't want to accept  
the Anglo-American proposal?  
Would a negative reaction from  
Moscow, they ask, tend to split  
the world into two camps? And  
would it take all the wraps of an  
atomic armament race?

**Proposals General**  
Because of the dangers fore-  
seen by Allied diplomats in any  
real disagreement among the Big  
Three over the handling of atomic  
power, there is some chance that  
the proposals put forward by  
Attlee, Truman and Mackenzie  
King will be general in approach  
to the problem rather than hard  
and fast specifications for a solu-  
tion.

This would leave the way open  
for Russian suggestions and coun-  
ter-proposals and avoid the ap-  
pearance of laying down a de-  
mand for a take-it-or-leave-it  
reply.

## Air Views on Auto Prices

WASHINGTON, Nov. 14—(P)—  
Congressmen air their views to-  
day on the sizzling issue of price  
ceilings for new automobiles.  
Chairman Patman (D-Tex.) of  
the House Small Business com-  
mittee told reporters scores of  
representatives and some senators  
have asked to be heard on wheth-  
er dealers should be required to  
absorb any price increases grant-  
ed to manufacturers.

Dealers already have told the  
committee that OPA's plans to cut  
their pre-war discount margins  
would force many of them out of  
business.  
Price Administrator Chester  
Bowles flatly rejected this argu-  
ment yesterday in contending the  
dealers had organized "the great-  
est single pressure group opera-  
tion since OPA was established."

Bowles said in a statement to  
the committee that even with cost  
absorption dealers stand "to have  
their best profit year in 1946."  
The purpose of cost absorption  
is to hold retail prices for new  
cars at or near 1942 levels. These  
are about 15 per cent higher than  
pre-war prices.

### Keenan Brothers To Visit Mother

Dick Keenan, 1413 East Fourth  
street, and his brother James T.  
Keenan, 1204 East Tenth street,  
will leave this evening for St. Jo-  
seph, Mo., to visit their mother,  
Mrs. Mary Keenan, 96 years old,  
who is seriously ill.

Mrs. Keenan last June fell and  
fractured a hip and since that time  
her condition has gradually grown  
worse.  
She resides with a daughter Mrs.  
Arthur Arnold, RFD 1, St. Jo-  
seph.

### Has Fractured Shoulder

Mrs. Ida Tiller, 1402 Baldhill  
road, Jefferson City, formerly of  
Sedalia, fell recently and frac-  
tured her right shoulder.

## Escape Injury in Wild Ride

Safe after being thrown from stolen motor car their father spun  
into ditch following a sixty-mile-an-hour cross-city chase by  
police are (left to right) Mary Louise, five months old; Patricia,  
three, and Barbara, four, shown with their parents, Mr. and  
Mrs. Charles Folsom, at police headquarters in Kansas City, Mo.  
Folsom, 24, told police he would have eluded them if he had  
not had to hold the baby in one arm and drive with the other.  
The mother was not in the car, which overturned at the end of  
the chase. (NEA TELEPHOTO)

## Rep. Dewey Short Introduces Two Letters From Joplin Man

WASHINGTON, Nov. 14—(P)—  
If the "wild eyed radicals, crack-  
pots and screwballs who yell and  
shout" would read two letters  
from a Joplin, Mo., business man,  
there would be less confusion in  
Washington, says Rep. Short (R-  
Mo.).

Short placed his comments,  
along with the two letters, in the  
congressional record.

Written by F. C. Fay, president  
of the Southwestern Sash and  
Door company of Joplin, one let-  
ter concerning the minimum wage  
bill said:

"We resent putting more pre-  
mium on the shiftless, indigent  
and lazy people, when to do so  
it means taking it away from the  
thrifty, studious, hard work-  
ing people who deserve it most.  
"Furthermore it would mean

## Program on War Veterans At Lions Club

### Speaker Tells Of Programs for Rehabilitation

The Sedalia Lions club at its  
noonday meeting today heard of  
the Veterans' Rehabilitation pro-  
gram and how it is functioning  
for World War II veterans in ed-  
ucational and training programs.  
The speaker was Reid C. Hemphill  
of the Central Missouri  
Teachers College faculty at War-  
rensburg.

Mr. Hemphill explained the bills  
for the disabled veterans and the  
bill for other veterans of the  
war and procedure the veteran  
goes through in making applica-  
tion for this training and educa-  
tional program benefits.

He also told of the advantages  
of the CMSTC in its educational  
facilities for the veteran and of  
the advisement center established  
at the school by the Veterans'  
Administration to which the vet-  
eran can go and seek advice as to  
the program he should follow  
which will best benefit him.

Mr. Hemphill was introduced by  
Norman Mueller, program chair-  
man for the month of November.

### Captain a Visitor

Captain Robert F. Chapler, U.  
S. army chaplain, member of the  
Lions club at Fort Worth, Tex.,  
recently returned from overseas  
service in the European theatre  
of operations, was a visitor at the  
meeting. Captain Chapler, who is  
en route to O'Reilly general  
hospital at Springfield, told briefly  
of his experiences as a Lion  
during the war.

"I attended Lion meetings in  
Africa, Egypt, France and Ger-  
many held by members of the  
armed forces. Someone would  
post a sign that a Lions meeting  
would be held at such and such  
a time and at that particular  
time we would find a large  
group of Lions, both officers and  
enlisted men present.

"Of course," he said, "the meal  
wasn't much like it would be at  
home, because it usually was 'K'  
rations. However, in France we  
did have several good meetings,  
which were enjoyed by all. It  
was noted that Lions was the only  
service club which seemed to  
have members who would call  
a meeting and clubs from all over  
the United States would be repre-  
sented."

Guests other than Chaplain  
Chapler were Robert Cain, QM  
second class U. S. navy, guest of  
his brother Cline Cain and Clar-  
ence Ahrens, guest of Paul Har-  
vey.  
President Adolph Glenn pre-  
sided.

## There Must be A Difference, But What is it?

VERMILLION, S.D., Nov. 14—  
(P)—Without previous discus-  
sion, Prof. R. F. Patterson posed this  
question to a class at the Univer-  
sity of South Dakota beginning  
the study of government:

"What is the difference be-  
tween a Republican and a Demo-  
crat?"

Here are some of the answers:  
The difference must have been  
FDR, and now that he's gone, I  
don't know what it is.

It used to be the tariff, but now  
that's gone; then it was state's  
rights, but now the Republicans  
are defending states' rights. I'm  
confused.

When I was growing up, it was  
the third term; then it was the  
fourth. I don't know what it is  
now.

We have a two-party tradition.  
So it's the ins against the outs,  
built around current issues.

My dad is an ardent Republican.  
I guess I learned it from him.  
Don't we all?

## 12-Hour Jewish Strike Starts At Noon Today

### Protest British Proposal to Settle Palestine Problem

JERUSALEM, Nov. 14—(P)—A  
12-hour general Jewish strike in  
protest to new British proposals  
for settling the Palestine problem  
started today without incident.

All Jewish shops, restaurants,  
work shops and factories were  
closed and Jewish-owned buses  
and taxis stopped.

Jewish workers in essential ser-  
vices were requested to continue  
work in military camps, hospitals,  
postoffices, telegraph and broad-  
casting stations as well as at the  
El Avi harbor, where the first  
cargo ship to arrive since 1940  
began discharging merchandise.

The people of Palestine eagerly  
were studying British Foreign Sec-  
retary Ernest Bevin's statement. A  
number of mass meeting demon-  
strations were planned in Pale-  
stine towns during the afternoon.

There was widespread objection  
throughout Palestine to the state-  
ment of British Foreign Secre-  
tary Ernest Bevin that Britain and  
the United States jointly would  
attempt to solve the problem, and  
to his intimation that eventually  
Palestine would be placed under  
a trusteeship. Britain at present  
governs Palestine under a League  
of Nations mandate.

**Meeting November 19**  
The Jewish elected assembly,  
made up of representatives of all  
Palestine political parties, will  
meet Nov. 19 in Jerusalem to dis-  
cuss the British statement.

In connection with the general  
strike of Palestine Jews, it was  
announced late last night that  
the self-imposed curfew has been  
revoked, allowing the possibility of  
outdoor protest demonstrations.  
The council (Vaad Leumi) order-  
ed all Jews working on British  
government or military enterpris-  
es to leave their jobs, and indi-  
cated an effort would be made to  
halt all interurban traffic in the  
Jewish areas of Palestine.

The Jewish press generally as-  
sailed the Bevin statement. Typi-  
cal of the comment was that of  
the Palestine Post, which said it  
failed "to deal squarely with  
President Truman's repeated pro-  
posals that 100,000 Jews should  
be admitted to Palestine imme-  
diately." The newspaper added  
that the Jews were "bound to re-  
ject the new policy which pro-  
poses an unacceptable immigration  
quota subject to Arab consent."

**Women Wearing  
Larger Size Gloves**  
LONDON, Nov. 14—(P)—British  
glove manufacturers are making  
their products in bigger sizes now,  
and the manager of the Regent  
Street Glove Shop today made two  
guesses why:

He said (A) the hands of British  
women may have been thickened  
by the amount of extra heavy  
work they did during the  
war, or (B) they are cannily buy-  
ing slightly larger sizes to avoid  
splitting their rationed and scarce  
gloves.

## Hungry, Japan Appeals

### Officially Ask Allies for Food And Fuel, Promise To Pay in Goods

TOKYO, Nov. 14 —(P)—  
Desperately - hungry Japan  
appealed officially today for  
Allied food and fuel, promis-  
ing to pay—in instalments—  
by shipments of gold, dia-  
monds, silk and other goods.

General MacArthur's headquar-  
ters reported that it was not ready  
to indicate what the Allied answer  
might be. Japanese Minister of  
Commerce Sankuro Ogasawara  
announced the formal application  
for the imports — mostly from  
America—to stave off threatening  
famine. He made it clear that  
Japan's alternatives are simple:  
barter or die.

Lt. Gen. Robert L. Eichelberger  
meanwhile reported that occupa-  
tion forces in Japan and Korea  
are near their peak and soon will  
decline from their present 460,000.  
He did not say, however, how  
soon the U. S. forces might reach  
the minimum 200,000 which Mac-  
Arthur has indicated will, by next  
spring, be adequate.

**Studying Problem**  
While American reparations  
representatives deliberated the  
price Japan must pay for her war  
of aggression, Japanese prepared  
to set up their own reparations  
commission to study the problem.  
Kyodo news agency said. Experts  
from the ministries of finance,  
foreign commerce and industry,  
agriculture and forestry, and  
transportation are expected to be  
included.

Ogasawara, in announcing Ja-  
pan's application for U. S. imports,  
acknowledged that Nippon's trade  
"is presently in a state of sus-  
pension," but added that he hoped  
the U. S. may again become "Ja-  
pan's best customer."

**Two Van Dynes  
Due Here Today**  
Due to arrive in Sedalia today  
were Dick Van Dyne, former  
storekeeper third class of the  
navy, who was to receive his hon-  
orable discharge at Lambert Field,  
St. Louis Tuesday afternoon and  
Capt. John Van Dyne, stationed  
at Jeffersonville, Ind., now on  
leave, sons of Mrs. V. D. Van  
Dyne, 1108 West Broadway.

Dick Van Dyne had served in  
the Pacific area since the first  
of June and left his ship at Tokyo  
to report to the United States.  
His wife and children reside at  
1012 West Broadway.

Mr. and Mrs. John VanDyne  
make their home at New Albany,  
Indiana.

## College Owns Rare Volume

LIBERTY, Mo., Nov. 14—(P)—  
An alert book dealer who spotted  
partially erased identification  
marks in a pamphlet offered him  
is credited with recovering a rare  
volume worth thousands of dollars  
for William Jewell college and  
of appraising school officials of its  
value.

The 64-page book "Short Ravel-  
ings from a Long Yarn, or Camp  
and March Sketches of the Santa  
Fe Trail from the Notes of Rich-  
ard L. Wilson," was stolen from  
the college library last week. It  
was published in 1847 and there is  
only one other known copy in  
existence.

The library staff, unaware of  
its worth, had kept it on a shelf  
with other day books instead of  
collections.  
They hadn't even missed it un-  
til an alumnus of the college called  
and told them the book deal-  
er had returned it to him after  
he had been offered it for \$2,000,  
less than its real worth.

**Bath Prices Up**  
TOKYO, Nov. 14—(P)—The  
people of Tokyo complained today  
that they were getting a dirty  
deal. The price of vital public  
baths was raised from 12 to 20 yen.  
Everybody uses them; there's no  
fuel at home to heat water.

## National Press Club Presents Truman With Steinway Piano

WASHINGTON, Nov. 14—(P)—  
President Truman found himself  
with a new piano today after a  
night out with the boys of the  
National Press club.

It was quite a show, the presi-  
dent agreed, and he even added  
a gag or two of his own to the  
jokes pegged on his ability as a  
piano player. But Mr. Truman's  
remarks were off-the-record.

Comedian Eddie Cantor, com-  
menting on the club's presentation  
of a Steinway piano to the chief  
executive, said:

"If anybody needs practice, it's  
the president. He played for Sta-  
lin at Potsdam. Immediately af-  
terwards rumors started stirring  
that Stalin was a very sick man."

No matter what he plays, Can-  
tor insisted, "It still sounds like  
the Missouri Waltz."

Prime Minister Mackenzie King  
of Canada and General of the  
Army Dwight D. Eisenhower  
seemed to get quite a kick out of  
Comedian Joe E. Lewis' descrip-  
tion of a banker as "a man who  
will lend you money if you can  
prove you don't need it."

The president was formally in-  
ducted into the club as a dues-  
paying member. Edward Jamies-  
on, the club president, credited  
the organization with making the  
president "nationally known as a  
piano player," referring to occa-  
sions when Mr. Truman, as a  
senator and as vice president,  
played at club functions.

Eisenhower got so much ap-  
plause when he was introduced  
that President Truman insisted  
he make a speech. Eisenhower  
complied with a "Hello, howdy  
and good luck."

## Decide to Keep Merit System, May Lose Fund

### Social Security Administrator Talks to Senators

JEFFERSON CITY, Nov. 14—  
(P)—A senate committee was in-  
formed bluntly last night its pro-  
posed measure creating a depart-  
ment of public health and welfare  
would run afoul the regulations of  
the federal social security board.

Despite the objection, the com-  
mittee decided to retain its bi-  
partisan "merit system" without  
change.

"As long as the present bipar-  
tisan features of this bill are re-  
tained, allowing the employees of  
the social security division of  
the new department of health and  
welfare the privilege of engaging  
in political activity, there proba-  
bly won't be any federal funds  
for the department," Parke M.  
Banta, state social security ad-  
ministrator, told senators.

**Carter Succeeds Banta**  
Banta, who will be replaced  
shortly as administrator by Pro-  
cter Carter, appointed recently by  
Gov. Phil M. Donnelly to head  
the commission, also questioned  
the numerous appointive positions  
exempted from the proposed merit  
system.

"The federal law provides for  
only two exemptions," he said,  
"the head of the department and  
his confidential secretary, if one  
is desired. There are too many  
exemptions in this bill to meet the  
requirements of the law."

Banta's objections bore out a  
statement Sept. 20 by the regional  
director of the federal social se-  
curity board in a letter to Gov.  
Donnelly. The official said the  
"gravest view" would be taken of  
the proposal to establish a "bi-  
partisan merit system" affecting  
the administration of the social  
security commission.

**One of Several Agencies**  
Under the bill drawn to fit the  
new constitution, the present so-  
cial security commission would be  
one of several big state agencies  
under a department of health and  
welfare.

Banta also objected to an even  
numbered commission of six men  
who would retire simultaneously  
with the end of each governor's  
term of office. He recommended  
they serve without pay as a  
public service instead of getting  
\$10 a day as proposed.

The committee also heard ob-  
jections to the bill on the part of  
chiropractors and chiropractors who  
asked to be placed under a sepa-  
rate board within the proposed  
department.

### Legion Post 341 To Elect New Commander

The New Sedalia Post 342 of  
the American Legion will meet at  
8 o'clock Thursday evening at the  
Sedalia Armory building for the  
purpose of electing a new post  
commander.

**Bath Prices Up**  
TOKYO, Nov. 14—(P)—The  
people of Tokyo complained today  
that they were getting a dirty  
deal. The price of vital public  
baths was raised from 12 to 20 yen.

fuel at home to heat water.

## Discuss Loans To England

### Members of Congress Seemed Impressed With Frankness of Prime Minister

WASHINGTON, Nov. 14  
—(P)—Several legislators  
said today that if Prime  
Minister Attlee is seeking to  
sell this country on the idea  
of a loan to Britain he made  
only a little headway by vis-  
iting Capitol Hill.

Others expressed belief a loan  
will be made. Talks on a multi-  
billion dollar credit arrangement  
for England have been underway  
here for several weeks.

Members who heard Attlee ad-  
dress a joint meeting of Congress  
yesterday and commented to  
newsmen later seemed impressed  
by the British leader's frankness.  
But there was a sharp division  
of opinion on his government's ob-  
jectives.

Senator Taft of Ohio, chairman  
of the Republican Steering com-  
mittee, who personally favors a  
loan to Britain, said he felt At-  
tlee's explanation of the objec-  
tives of the British Labor govern-  
ment hadn't helped much.

"He sounded a little too New  
Dealish for some people," Taft  
told a reporter.

**Not Like Churchill**  
Senator Wherry (R-Neb.) ob-  
served that Attlee "isn't the sales-  
man that Churchill was."

Attlee told the legislators that  
the Labor party isn't the radical  
organization it has been pictured  
in some American minds. It is  
primarily concerned, he said, with  
the welfare of the common man,  
adding that this takes government  
planning. He said it believes in  
government taking over monopo-  
lies when big business gets in that  
class.

He observed also that there is  
room in the world for American  
and British trade without "undue  
rivalry."

Senator Hoey (D-N.C.) said the  
British Labor party's "policy of  
planned economy" and of taking  
over monopolies "contravenes our  
view of government."

**Won't Work**  
Rep. J. Z. Anderson (R-Calif.)  
said "We have tried a (planned  
economy) long enough over here  
to know it won't work."

Senator O'Daniel (D-Tex.) said  
he is "against any more loans to  
England, regardless of how nice  
their new government is."

Senators Wheeler (D-Mont.)  
and Ellender (D-La.) commented  
that that sort of economy some-  
times ends in dictatorship. Wheel-  
er noted that the British govern-  
ment has kept its war powers in-  
tact for another five years.

On the other side, Senator Mag-  
nuson (D-Wash.) said he thought  
more speeches like Attlee's would  
bring more understanding and  
less trouble in the world. Senator  
Morse (R-Ore.) said he thought  
the prime minister had made an  
appeal for world citizenship that  
the United States is going to have  
to consider "and at the same time  
protect our national interests."

### Room For Products

Senator Ball (R-Minn.) agreed  
with Attlee that there is "ample  
room" in the world for products of  
great industrial nations.  
"I think that's right," he said.  
"The only answer to these econo-  
mic problems is expanding  
world trade."

Senator Russell (D-Ga.) said he  
remains unconvinced that "our  
way of controlling abuses by law  
isn't superior to government own-  
ership."

Senator McClellan (R-Ark.) in-  
sisted that "the whole problem"  
is that foreign countries say they  
can not buy from America "except  
and unless we loan them the  
money."

"We can possibly afford to do  
that within proper limitations," he  
said. "But we cannot afford to  
grant unlimited credit or make  
loans without reasonable assur-  
ances of repayment."

McClellan suggested that if Brit-  
ain gets a loan, it might well be  
stipulated that she spend part of  
the money in American markets.

## Halt Production Of Buick Automobiles

FLINT, Mich., Nov. 14 —(P)—  
General Motors Corp. reported to-  
day that its production of Buick  
automobiles had been halted by  
a parts shortage and that its  
Fisher Body assembly line also  
had stopped.

An estimated 5,000 workers  
were affected in the total of ap-  
proximately 16,000 employed in  
the Buick and Fisher plants. Com-  
pany sources said the number  
might increase to 20,000 in Buick,  
Fisher and Allied plants.

## News Briefs

By the Associated Press  
In turbulent Java the battle  
for Soerabaja raged on today  
with undiminished fury, while  
in China's undeclared civil  
war rival armies maneuvered  
for position amid growing  
doubts and uncertainties as to  
Russia's attitude in the threat-  
ened large-scale conflict for  
control of Manchuria.

BATAVIA, Nov. 14—(P)—  
Fighting raged with unabated  
fury in Soerabaja today, and  
in Batavia British Maj. Gen.  
D. C. Hawthorn accused the  
commander of the Japanese  
16th army and his chief of  
staff of having deliberately  
handed over arms to "unruly  
elements" in Java.

A dispatch from Associated  
Press correspondent Vern  
Haugland in Soerabaja said  
British Indian troops battling  
in the heart of the naval  
base hurled back three suc-  
cessful Indonesian attacks during  
the night, killing more than  
100 and sustaining a half  
dozen casualties of their own  
in fighting for the Kota rail-  
way station and marshalling  
yards. The British threw a  
25-pounder barrage against  
Indonesians entrenched in  
pre-war Dutch-built concrete  
pillboxes in the area.

WASHINGTON, Nov. 14—  
(P)—Secretary of State Byr-  
nes disclosed today that the  
United States and Russia are  
still deadlocked over Soviet  
demands for the establishment  
of an Allied control council  
for Japan.

Russia, he said, is insisting  
upon a unanimity rule in the  
council similar to the one un-  
der which the control council  
in Berlin functions. Byrnes  
contended that the rule is re-  
sponsible for failure of the  
Berlin group to accomplish  
many things that should have  
been done in Germany under  
the Potsdam agreement.

CHUNGKING, Nov. 14—(P)—  
Chinese Communists have

serted today.

**Japs Anxious To  
Regain U. S. Citizenship**  
SAN FRANCISCO, Nov. 14—(P)—  
More than 1,000 Japanese Tues-  
day filed suits seeking to regain  
United States' citizenship which  
they contend they had been forced  
to renounce during the war.

The suits, entered as the govern-  
ment prepared to start deportation  
of all renunciants on Nov. 15, were  
in behalf of Japanese residents of  
the Tule Lake center in northern  
California.

The Japanese filed two mass  
petitions for writs of Habeas Cor-  
pus in the U. S. District court  
here, charging they were victims  
of duress by the government and  
seditious groups.

## District Report On Boy Scouts

### Activities For the Future Outlined In Meeting Held

A meeting of the Pettis district of the Lake of the Ozarks Boy Scout council was held Tuesday night in the county court room of the Pettis county court house, with Judge J. V. Kesterson, district chairman, presiding. The six operating committee chairmen reported on their various activities.

The Rev. J. Fred King, reporting on "Organization and Extension" introduced the matter of the feasibility of adding Benton county to the Pettis district. The senior program, notably the Air Scouts, was discussed, particularly concerning the older boy in scouting. On February 12, 1946, a Lieut. Broch, of the Army Air Forces, will come to Sedalia and tell of the Air Scout program and its relation to the AAF program for junior pilots. This is not a flying program, it was explained, but a technical program teaching the fundamentals of flying.

To Train Leaders  
Another phase, "Leadership and Training," was reported on by Albert Steiner. At the present time he said, there is a great need of courses for the training of leaders. Part of this training will be taken up at monthly round table meetings, informal and specialized training.

"Camping and Activities" was the subject of the report given by Julius Stohr, who announced that Sedalia will be host at the annual meeting of the Lake of the Ozark council. Gov. Phil Donnelly is to be the principal speaker at this meeting to be held next January 7.

Anniversary Week  
Stohr also announced plans for the annual district committee meeting to be held during Anniversary Week next February. Committees will be appointed to plan and make arrangements for this meeting in which all Scouters and Cubbers and their families will take part.

The 1946 camp schedule is scheduled for May 26 through June 22, at Pin Oak, Lake of the Ozarks.

The Advancement program was reviewed by Cline Cain who told of the board reviews, court of honor, merit badge program and the individual troop advancement. Cain announced that November 29 the district will conduct a Court of Honor where several Scouts will receive the highest award for boys: the Eagle rank.

J. Roy Fullerton gave a partial report of the recent fall finance campaign and will submit a final report at an early date.

Commissioner John C. Ryan gave a list of all the units that are due to be re-registered.

Membership Facts  
An interesting feature of Commissioner Ryan's report was membership facts which revealed that on December 31, 1944, Pettis district had 291 scouts and that membership to date for 1945 is 307. In Cub scouts the district grew from 79 Cubs, December 31, 1944, to the present membership of 123.

Scout Executive Ike Wall, Jefferson City, reviewed the general scouting picture of the district and council. He stated that the Air Scout program would be offered to the various units of the district. Mr. Wall remarked about the fine advancement record of the district and complimented the local officials for their part in this program.

Judge Kesterson commented on the challenge of the Scouting program for this district in 1946. He expressed his appreciation for the cooperation of the district Scouters in their past performance.

Kesterson named Albert Steiner, John Ryan and Roy Fullerton to serve as a nominating committee for the 1946 district chairman.

J. Frost Waddell, Walter Jessee, W. E. Bruce and T. H. Schuerman, made reports on their individual troops. Field Executive A. W. Schlumbohm, Jefferson City, gave a short report.

## Fox Theatres Will Help in Cancer Fund

National Theatres Amusement corporation, of which Fox Mid-west is a part, will conduct a fund-raising campaign through audience collections for the American Cancer Society.

Chas. Skouras, president, made the proposal at the executive council meeting in Kansas City last week and it met with the unanimous approval of the division presidents and all others present.

The American Cancer Society campaign is conducted each spring during what is termed Cancer Week, the annual date varying with Easter Week when the collections are taken. A few theatres throughout the country, including some in midwest territory, took up collections last spring at the request of local cancer society groups and the fine results were obtained.

## "UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And where it gets blocked when it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out thoroughly—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and thoroughly "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again. Get Carter's Pills at any drugstore—25c. "Unblock" your intestinal tract for real relief from indigestion.

Mrs. Ethel Harkinn, of Pekin, Ill., daughter of the late Mr. and Mrs. William Turnbull, of Gillespie, Ill., and Mr. Harvey Crouch, son of Mr. C. M. Crouch, 521 East Fourteenth street, this city, were married at 4:30 o'clock Thursday afternoon, November 8, by Rev. A. W. Kokendoffer at his home on South Ohio avenue.

Mr. and Mrs. Ralph Capes attended the couple. Mrs. Capes is a sister of the bridegroom.

The bride chose for her wedding a dressmaker suit of Miniver rose and her corsage was of red roses.

Mr. and Mrs. C. M. Crouch attended the wedding. Mrs. Crouch was attired in a dress of rust color with a corsage of red roses.

A reception was given following the ceremony at the home of the bridegroom's aunt, Mrs. A. G. Williams, 320 West Fourth street, with the family and a few close friends attending.

A three tier wedding cake, surrounded with fern and entwined with pink and white chrysanthemums, formed the centerpiece on the dining table which was covered with a white linen cloth. A bowl of large white mums and pink button chrysanthemums was on the buffet.

Mrs. Williams was assisted in serving the wedding dinner by Miss Ruth Krause.

Mr. Crouch recently received his discharge from the army after twenty-seven months overseas. He was a sergeant with the 715th railway engineers, serving in Africa and Italy.

Following a short wedding trip the couple returned to Sedalia and will be at the home of Mr. Crouch's father until they find an apartment.

Mr. Crouch is a painter by trade.

Mrs. Earl C. Blaylock, 303A West Fifth street, entertained with a party Saturday afternoon, honoring the birthday of her little son, Larry Wayne, who was 3 years old on Sunday. Favors of toy air planes and boats filled with candy were presented to the guests. A white birthday cake with pink decorations was served with ice cream to the following little friends of the honoree: Linda Lou Dalton, Patty Capps, Sharon Ann Green, Dee Anna Blaylock, Linda Sue Clements, Patty and J. R. Farris, Charles Wadleigh and Glenda Blaylock.

Mothers present were Mrs. Omer Wadleigh, Mrs. Leo Green, Mrs. Harry Farris, Mrs. W. J. Capps, Mrs. Earl Dalton, Mrs. Frank Blaylock, Mrs. Elmer Murphy, and Mrs. Ray Matthews, and Mrs. J. R. Matthews, the grandmothers of the honoree.

Mr. and Mrs. W. E. Carleton, 809 West Seventh street, observed their 36th wedding anniversary Sunday with a dinner attended by their children and their families.

The following were present: Mr. and Mrs. Dan Murray, Mr. and Mrs. Leroy Smethers, Mr. and Mrs. Charles Poynter and Billy Charles Poynter.

Sixteen members of the Stephens College club heard Mrs. Harry Lindstrom speak on "The Influence of Sweden in the Middle-

west" at the dessert luncheon meeting of Stephens College club Saturday at the home of Mrs. Glen White, 403 South Park avenue. Autumn flowers were used in decoration. Mrs. Oscar DeWolt was assistant hostess.

The talk was preceded by a business session over which Mrs. Clarence Carter presided.

The P. C. G. of the Sedalia Garden club will meet Friday at noon at the home of Mrs. O. W. Bagby, 912 South Barrett avenue.

Floyd A. Morris of Johnson, Neb., who is visiting his brother and sister-in-law, Mr. and Mrs. Orie Morris, 1004 East Fourteenth street, was honor guest at a contributive dinner given at the Morris home Monday night.

The evening was spent in conversation.

Others present were: Virgil Morris, Miss Daisy Cunningham, Mr. and Mrs. Ernest Morris and sons, Ronald and Charles, Mr. and Mrs. Vernie Morris and son, Richard Wayne, and daughters, Marjorie, Mildred, Elsie, Emma and Rose Mary, and Mr. and Mrs. Orie Morris and daughters, Darlene and Crystal.

A shower given last Wednesday afternoon by Mrs. Roy Clark and Mrs. Roy Miller at the home of Mrs. Clark, near Hughesville, honored Mr. and Mrs. Howard Hallman, who were recently married. Mrs. Hallman is the former Miss Bernice Frye of RFD 3, LaMonte.

Refreshments were served.

Present other than the honor guests were: the bride's mother and sister, Mrs. Bert Frye and Miss Jane Frye, Misses Tessa Purnell, Clarice Hintz and Laurie Geiser, Mrs. William Buckolz, Mrs. J. C. Drake, Mrs. Tom Wood, Mrs. L. R. # Many Attend Carnival

The carnival at Smithton school, was attended by over 500 people. Of great interest was the display of souvenirs sent from various places from servicemen overseas. Other attractions included fish pond, games, boxing concessions, a picture show, fortune telling, and a play entitled "Grandma Says 'I Do'". A stage program and the crowning of the queen climaxed the entertainment.

Drums, played by Melva May, Marian Monsees and Margie Stuart, set the cadence for the class candidates for queen and their escorts to march to the stage, where the candles were being lighted. The musical program included a quartet, Donald Oehrke, Elbert Hudson, Mae Muschane, and J. D. Ray; a solo by Jo Ann Daniels; girl's quartet, Margie Stuart, Betty Hume, Lois Bremer, Ruth E. Green; violin duet, Vincent Youngkamp and Jean Gwinn; saxophone solo, Buddy Williams, and solo, Jean Cramer.

The queen, Betty Jean Meyer, entered with her escort, Lloyd Holman, and was crowned by Wilma Wagenknecht, retiring queen. Miss Meyer was the senior candidate. Other candidates and escorts were, junior, Mary Young and Bob Jackson; sophomores, Darlene Oehrke and Jack Blaylock; freshmen, Carol Van Dyke and Ivan Montgomery; junior high, Dorothy Green and Lloyd Young; room II, Joyce Griffin and J. D. Smith; room I, Margie Peoples and R. D. Kahrs.

A net sum of \$365.00 was cleared for the school.

## One of the best home ways to BUILD UP RED BLOOD

To Get More Strength and Energy If You Suffer From Simple Anemia

You girls and women who suffer from simple anemia or who lose so much during monthly periods that you are pale, feel so tired, weak, "dragged out"—this may be due to low blood-iron—

So start at once—try Lydia E. Pinkham's TABLETS—one of the greatest blood-iron tonics you can buy to help build up red blood to give more strength and energy—in such cases.

Taken as directed—Pinkham's Tablets are one of the very best home ways to get iron into the blood. They help build up the red quality of the blood by reinforcing the haemoglobin of red blood cells.

Just try Pinkham's Tablets for at least 30 days. Then see if you, too, don't remarkably benefit. Follow label directions.

## Smooth Schemers and Suckers

Sketch and Text By Jean George NEA Staff Correspondent

NEW YORK — The American people had just better stay in bed or they will be swindled out of their bones according to some valuable information in a booklet on "schemes" published by the Better Business Bureau.

Nothing is safe any more. There are "death vultures and crystal gazers, doodle bugs and loan sharks" on every street corner these days and they'll twist your arm every time you put it out to buy a paper.

This terrifying little booklet warns the public against everything: Electric light bulbs, whiskey, suits, radios, second hand hats and grass seed.

No Charms "Beware of people who sell lucky charms," the BBB book warns. "Stones have no power to bring riches, health and happiness."

"Thousands have been stung by the grass seed salesman who promises that his grass will grow no higher than three inches," the bureau says. Some people feel repaid if it just grows, but when it shoots up four or five inches, the BBB becomes concerned.

"Give wisely to beggars," the bureau warns, "the professional beggar may secretly have a private chauffeur and a de luxe car."

One of the nastier tricksters of the trade is the stocking salesman who takes orders and runs off with your money. Watch out for him.

But let the flower sales gyp happen to no living man. "If a salesman of Chinese horned nuts represents that they will bloom into flowers when placed in water, examine his display. It may be faked by fixing a primrose in the nut with wax."

## Talks Before The PTA Council

At a meeting of Pettis County P. T. A. council held at the armory twenty-five members and visitors attended.

The devotional was led by Mrs. M. E. Green and after minutes by the secretary Mrs. Roy Holman were read unit reports were given from Mosby, Pin Oak, Pleasant Green, Anderson, Olive Branch, High Point, Maplewood, Woodland, Bothwell and Striped College.

The morning session was concluded with a talk by the district president, Mrs. Varney Engholm.

At noon a contributive luncheon was served and in the afternoon Miss Levina Smart gave an address in the interest of the children's library. A talk was also given by Mrs. C. F. Scotten on "The Most Pressing Problems in Education Today."

## Tire Output Is Behind Needs

NEW YORK, Nov. 14—(AP)—Civilian passenger tire output is running about 35 per cent behind needs, falling by 2,100,000 units to reach monthly capacity estimated by the industry as 6,000,000 casings the Rubber Manufacturers Association said Tuesday.

The organization said one of the chief limiting factors was manpower with at least 7,000 workers needed at once.

The association said the industry believed it would be at least late next summer or early fall before the average driver could walk into a store and buy his favorite tires in any quantity he might require.

## Plan On Buying Of Low Cost Home

WASHINGTON, Nov. 14—(AP)—The possibility of buying a low-cost home on a down payment as little as five per cent is embraced in a new housing program proposed in the senate.

That would mean \$250 down on a \$3,000 cottage, although there usually are transfer charges which would boost the initial payment somewhat.

Senators Wagner (D-N. Y.), Ellender (D-La.) and Taft (R-Ohio) agreed to sponsor jointly a general housing bill including that idea among special inducements for private builders to construct homes costing \$5,000 or less.

## Widows And Wives Given Jobs

CHICAGO, Nov. 14—(AP)—More than 1,900 widows of World War two veterans and wives of disabled veterans were placed in the federal service during the first half of 1945, the Civil Service assembly reported Tuesday.

During the same six months 760 widows of World War one veterans and wives of disabled World War One veterans also were placed. During 1943 and 1944 more than 6,000 placements of widows and wives of disabled veterans were made.

Veteran placements including both ex-service men and ex-service women totaled 95,000 for the six-month period, an average of about 16,000 a month.

## MAIN STREET DRUG'S ANIMAL HEALTH DEPT.

My chickens have certainly benefited from Dr. Salsbury's REN-O-SAL. It proved itself against cecal coccidiosis and has provided such tonic benefits I've given it all year in their drinking water.

My sanitation job wasn't hard either with Dr. Salsbury's PAR-O-SAN. Poultry means fun and profit with proper management.

Ask the 4H and F.F.A. boys and girls up there at the head of the class. Many of them will tell you they conditioned their steers on Dr. Hess Stock Tonic.

Research Farm work with steers shows that the Tonic steers have always put on more gain per pound of feed consumed and have always shown more finish at the yards.

The tonics in this product stimulate appetite and promote better use of feed, the minerals are essential materials that are often shy in grain, the vitamin D helps the animal make better use of its minerals. We'll be glad to supply the Stock Tonic and other Dr. Hess Products you need.

Have you housed your birds? I did and they're laying fine. But I gave them a good treatment for large roundworms and intestinal capillaria worms first with Dr. Salsbury's ROTA-CAPS. If you prefer a flock treatment, use Dr. Salsbury's AVI-TON. It removes both large roundworms and cecal worms. Economically, too.

# Merry-Go-Round

by Drew Pearson

WASHINGTON, Nov. 14—Gen. Jimmy Doolittle, who jumped down the navy's throat last week, sometimes has had his own army brass hats jump down his throat. At such times this column has always defended him. However, Jimmy, despite his accomplishments, has some sore spots in his career that his publicity experts have carefully hushed up.

One hitherto concealed incident occurred last Jan. 2, when Gen. Doolittle ordered his Eighth air force to bombard the town of Bad Kreuznach, Germany. Gist of the order was:

"Target is the town of Bad Kreuznach. Main point of impact shall be a viaduct crossing the railroad in the approximate center of town. The object of the mission is to bury the railroad with debris from the buildings of the town, so as to prohibit the railroad's use."

Before the planes took off, pictures of the town were given the pilots. The pictures clearly showed a large and plainly marked hospital to the west and south of the main point of impact. The pilots know that given such an objective, it would be almost impossible to avoid hitting the hospital. However, they were under orders. The raid was led by the 490th bomb group heavy. Lead bombardier was Flight Officer P. K. O'Donnell, now a lieutenant. An instant after he released his bombs, O'Donnell remarked over the inter-phone communications system: "There go the high bombs. They'll get the hospital." Simultaneously the twelve ships of the squadron released their bombs.

The "high" squadron was flying slightly to the rear right and above the lead squadron. Subsequent photographs taken of the bombing raid showed that the high squadron had carried out O'Donnell's prediction. The hospital, plainly marked under the rules of international warfare, was demolished. Flight Officer O'Donnell was awarded the "Bombs of the Week" for hitting the main target.

Later, after American troops occupied the town of Bad Kreuznach, an American M. P. was strangled by a German resident, who gave as his excuse when he was tried that the Americans had bombed the hospital and the defenseless town.

Note — Lieutenant O'Donnell, of course, was acting on orders from his superiors, including Gen. Doolittle. The fact that he was awarded "Bombs of the Week" indicated approval by his superiors of the hospital's destruction.

## Locked Doors

The opening session of the Far Eastern advisory commission, held here last week, was strictly a closed-door affair. It was a locked door affair—with the key on the outside.

With the press barred even from the initial ceremonies, the diplomats of ten nations retired to a third-floor room in the musty old state department building and saw to it that the door was closed before a word was said. Correspondents lined the corridor outside, sitting on camp stools.

Joe Chiang, veteran correspondent from the Central China News agency, suddenly arose from his seat, staring at the doorknob.

# Report On the War

By General George C. Marshall

Biennial Report of the Chief of Staff of the U. S. Army 1943 to 1945, to the Secretary of War

THEATERS OF OPERATIONS in the war, as established by the Combined Chiefs of Staff, whose task it was to co-ordinate strategic control of the resources of the United States and Great Britain

This is the first of 42 installments of material selected from General Marshall's report on the winning of World War II.

## THE AMERICAN VICTORY

DEAR Mr. Secretary:

For the first time since assuming this office six years ago, it is possible for me to report that the security of the United States of America is entirely in our own hands. Since my last formal report to you on the state of the Army, our forces in Europe, air and ground, have contributed mightily to the complete destruction of the Axis enemy. In the Pacific, Japan has been compelled to sue for an end to the war which

she treacherously started. For two years the victorious advance of the United States sea, air and land forces, together with those of our allies were virtually unchecked. They controlled the skies and the seas and no army could successfully oppose them. Behind these forces was the output of American farms and factories, exceeding any similar effort of man, so that the peoples everywhere with whom we were joined in the fight for decency and justice were able to reinforce their efforts through the aid of American ships, munitions and supplies.

Never was the strength of the American democracy so evident nor has it ever been so clearly within our power to give definite guidance for our course into the future of the human race. And never, it seems to me, has it been so imperative that we give thorough and practical consideration to the development of a means to provide a reasonable guarantee for future generations against the horrors and colossal waste of war as well as security for that freedom we recently left to the hazard of mere hope or chance. The Nation is just emerging from one of its gravest crises. This generation of Americans can still remember the black days of 1942 when the Japanese conquered all of Malaysia, occupied Burma, and threatened India while the German armies approached the Volga and the Suez. In those hours Germany and Japan came so close to complete domination of the world that we do not yet realize how thin the

Quietly, he stole over to the door, grasped the key, which had been

thread of Allied survival had been stretched.

## Where the Enemy Failed

In good conscience this Nation can take little credit for its part in staving off disaster in those critical days. It is certain that the refusal of the British and Russian peoples to accept what appeared to be inevitable defeat was the great factor in the salvage of our civilization. Of almost equal importance was the failure of the enemy to make the most of the situation. In order to establish the historical record where and how Germany and Japan failed I asked General Eisenhower to have his intelligence officers promptly interrogate the ranking members of the German High Command who are now our prisoners of war. The results of these interviews are of remarkable interest. They give a picture of dissension among the enemy nations and lack of long-range planning that may well have been decisive factors of this world struggle at its most critical moments.

As evaluated by the War Department General Staff, the interrogations of the captured German commanders disclose the following:

"The available evidence shows that Hitler's original intent was to create, by absorption of Germanic peoples in the areas contiguous to Germany and by the strengthening of her new frontiers, a greater Reich which would dominate Europe. To this end Hitler pursued a policy of opportunism which achieved the occupation of the Rhineland, Austria, and Czechoslovakia without military opposition.

"No evidence has yet been found that the German High Command had any over-all strategic plan. Although the High Command approved Hitler's policies in principle, his impetuous strategy outran Germany's military capabilities and ultimately led to Germany's defeat. The history of the German High Command from 1938 on is one of constant conflict of personalities in which military judgment was increasingly subordinated to Hitler's personal dictates. The first clash occurred in 1938 and resulted in the removal of von Blomberg, von Fritsch, and Beck and of the last effective conservative influence on German foreign policy.

## Hitler's Fatal Decision

"The campaigns in Poland, Nor-

left outside, turned it and departed.

A few minutes later one of the diplomats decided to leave the room. But it was locked. Inside were such distinguished diplomats as Secretary of State Jimmy Byrnes, his Britannic majesty's ambassador the Earl of Halifax, Chinese ambassador Dr. Wei Tso-Ming, Dutch ambassador Dr. A. Loudon, Australian foreign minister H.V. Evatt and representatives of France, India, New Zealand, Canada and the Philippines.

All of them were locked in. Newsmen outside grinned as one of the diplomats banged on the door.

"Joe," remarked one newsman to Chinese correspondent Chiang, "I thought your country believed in the open-door policy."

Finally, a kind-hearted reporter rescued the key from Joe Chiang and unlocked the door.

After that when the Far Eastern commission went inside, they were careful to put the key on the other side of the door.

## Metric Standards

Those who have been urging the USA adopt the metric system probably don't realize it, but the meter and the kilogram have been the standard measurement of the bureau of standards for 50 years.

The bureau of standards, official guardian of all U. S. weights and measures, has kept buried in a sealed vault a very precious standard meter and a standard kilogram. Made of platinum and iridium, it is upon these weights and measures that all other weights and measurements in the United States are based.

But the bureau of standards has no standard foot or standard lb. It uses the metric system entirely and calculates the foot and the pound equivalents from meters and kilograms.

All during the war the standard meter and kilogram were carefully stored in the Bank of Bethesda, Md., just outside of Washington.

way, France, and the Low Countries developed serious diversions between Hitler and the General Staff as to the details of execution of strategic plans. In each case the General Staff favored the orthodox offensive. Hitler an unorthodox attack with objectives deep in enemy territory. In each case Hitler's view prevailed and the astounding success of each succeeding campaign raised Hitler's military prestige to the point where his opinions were no longer challenged. His military self-confidence became unassailable after the victory in France, and he began to disparage substantially the ideas of his generals even in the presence of junior officers. Thus no General Staff objection was expressed when Hitler made the fatal decision to invade Soviet Russia.

"When Italy entered the war Mussolini's strategic aims con-

templated the expansion of his empire under the cloak of German military success. Field Marshal Keitel reveals that Italy's declaration of war was contrary to her agreement with Germany. Both Keitel and Jodl agree that it was undesired. From the very beginning Italy was a burden on the German war potential. Dependent upon Germany and German-occupied territories for oil and coal Italy was a constant source of economic attrition. Mussolini's unilateral action in attacking Greece and Egypt forced the Germans into the Balkan and African campaigns, resulting in over-extension of the German armies which subsequently became one of the principal factors in Germany's defeat.

"Nor is there evidence of close strategic coordination between Germany and Japan. The German General Staff recognized that Japan was bound by the neutrality pact with Russia but hoped that the Japanese would tie down strong British and American land, sea, and air forces in the Far East.

"In the absence of any evidence so far to the contrary, it is believed that Japan also acted unilaterally and not in accordance with a unified strategic plan."

Here were three criminal nations eager for loot and seeking greedily to advance their own self-interest by war, yet unable to agree on a strategic over-all plan for accomplishing a common objective.

## Unemployed Advisers

A state department spokesman recently gave the press an inside report on diplomatic conditions in Japan. The report was based upon a tour of Japan made by Maj. Gen. Frank M. McCoy, chairman of the Far Eastern advisory commission.

Discussing the knotty problem of having Allied advisers cooperate with General MacArthur, the state department official said: "General McCoy has seen English, French, Australians, Russians and Chinese at the Imperial hotel in Japan. They were military observers going around the country."

He admitted, under cross examination that they were not acting as advisers to MacArthur.

Then the official went on to say that there were 5,000,000 unemployed in Japan.

"Does that," queried one newsman, "include the Allied advisers?"

## Looking Backward

## Forty Years Ago

T. B. Anderson, a former Sedalian, now of the Island of Pines, Cuba, has been appointed territorial secretary of state, following the issuance of a declaration of independence from Cuba and the organization of a new government as a United States territory. A delegate to congress will be sent to Washington in order to have questions affecting the future of the island discussed before the house of representatives, ignoring Cuban authority. Mass meetings were held under the name of territorial conventions. The first official notice of the affair was contained in a letter written to President Theodore Roosevelt by Mr. Anderson, who served as, chairman of the territorial convention.

H. R. Camp was appointed public administrator yesterday by Gov. Folk to fill the unexpired term of W. E. Conner, who resigned the place to accept the appointment of justice of the peace.

This was for fear a bombing raid on the bureau of standards; also, because of the value of the bullion in the meter and kilogram, estimated at \$3,500 for the two.

The standard meter and kilogram have been in the bureau of standards for more than 50 years following an international conference which resulted in the establishment of the international bureau of weights and measures at Sevres, France, just outside of Paris. A master meter and a master kilogram remain at Sevres and the U. S. master meter and master kilogram have been taken to France several times to see whether they have changed, either in length or weight. Scientists report that there has been little variance between them.

During the war the Germans respected the international nature of the area at Sevres and did not bomb it, though the windows of the international bureau were blown out by Allied bombers.

American scientists point to this as a precedent for United Nations cooperation in the control of the atom bomb. Just as an international commission controls international weights and measures, scientists believe an international commission must be organized to control the atom bomb, also to inspect factories on foreign soil to make sure that the atom bomb is

From where I sit... by Joe Marsh

## Definition of a Great Man

At Bill Webster's the other evening, we were kidding Bill about his children always saying that their pop's "a great man."

"Well, the kids are right," chuckles Bill. "Everybody in America's a great man. You just can't be part of greatness and not share in it."

In America (argues Bill) things that used to belong only to the great are common property: a share in government through the right to vote; individual liberties guaranteed by constitution; freedom to speak

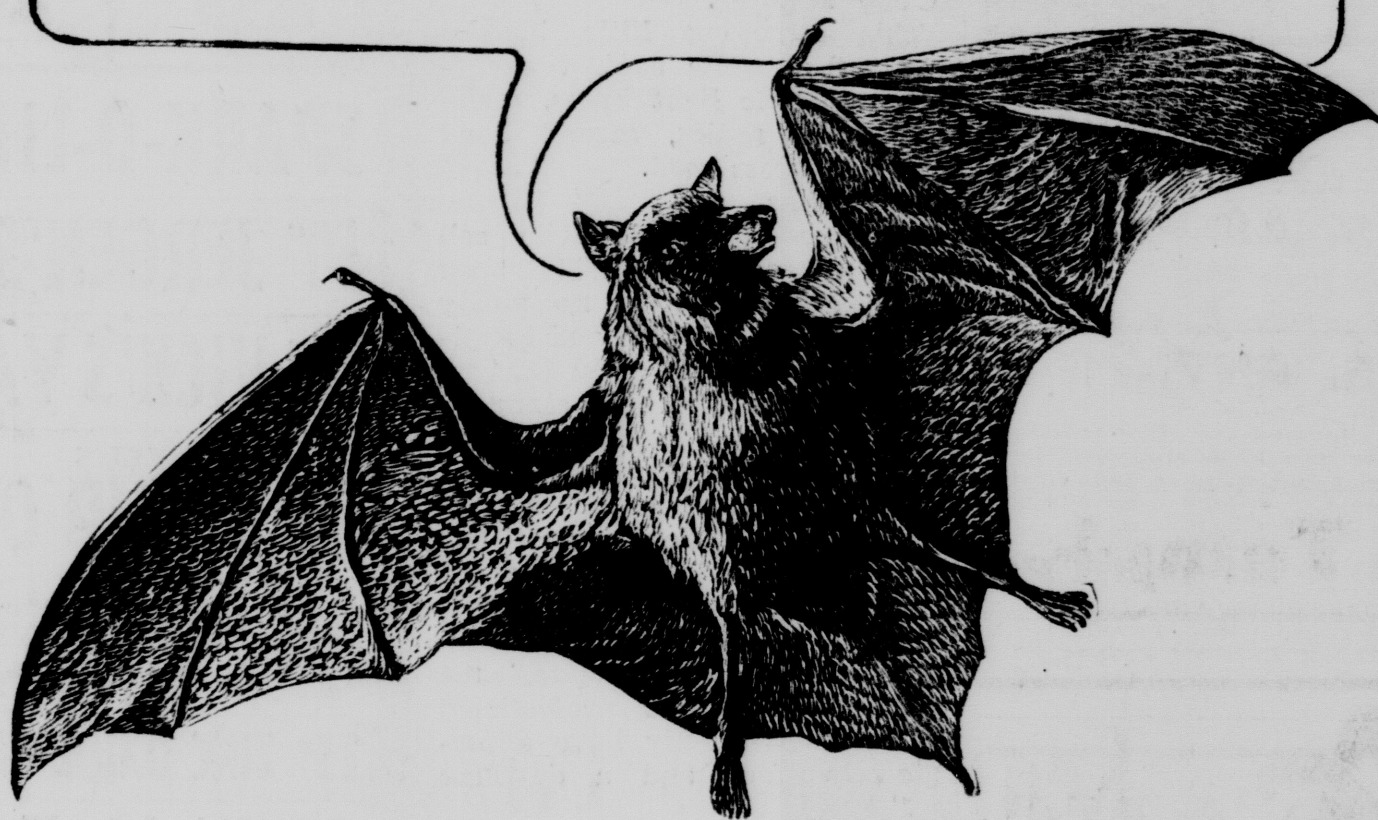

one's mind; to work at what one pleases; to choose what one likes to eat or drink... whether beer or buttermilk.

But from where I sit, there's one important point to add... to make Bill's definition ring true. We must be worthy of this greatness. We must have the humility to appreciate these blessings... never abuse them with intolerance, intemperance, or indifference.

## ...Yank friendliness comes back to Leyte

Naturally Filipinos thrilled when their Yankee comrades came back to the Philippines. For along with freedom they brought back all the friendliness that America stands for. You find it quickly expressed in the simple phrase Have a Coke. There's no easier way to say Relax and be yourself. Everywhere the pause that refreshes with ice-cold Coca-Cola has become a symbol of how Yankee friendliness follows the flag around the globe.

The Russian tea given Tuesday afternoon by Circle No. 1, of the Sedalia Garden club at the Elks club house, in honor of Mrs. Frank S. Leach, recently elected director for the West Central Region of the Missouri State Federation of Garden Clubs, was well attended. The tea was also in honor of Mrs. Arthur W. Klang, state chairman of Junior Garden clubs, Mrs. Clarence L. Carter, state treasurer, Mrs. H. C. Sammons, state awards committee and Mrs. A. A. Ferguson, state chairman for state fair exhibits.

Special guests were: Mrs. Wilford Acker, of Green Ridge, recently elected assistant director of the region which is composed of eleven counties, Mrs. C. N. Moore, LaMonte, secretary of the region and Mrs. R. M. Larcom, of Warrensburg, past director of the region.

A program was presented in the auditorium with Mrs. A. W. Klang, vice-chairman of Circle No. 1, presiding in the absence of Mrs. H. H. Higleyman, chairman, who was ill.

Presented Mrs. Leach

Mrs. Leach was presented by Mrs. Klang and the former made a talk at which time she introduced the special guests.

Mrs. Klang presented Mrs. A. R. Beach who introduced her daughter, Mrs. Robert Seelen and two of her pupils, Miss Jane Reed and Robert Cowan in several vocal selections. Mrs. Seelen sang "Blessing," by Curran and "Little Boy Blue," by Nevin. Miss Reed sang "At Dawning" by Cadman and "Summertime" from Porgy and Bess by Gershwin. Mr. Cowan sang "Old Man River," by Kern, and "Water Boy," by Robinson. Mrs. Beach was accompanist, and substituted as musical director for the day for Mrs. E. F. Yancey who was unable to be present.

Films Shown

Mr. and Mrs. George Moore of the Missouri State Conservation and Education department showed a group of colored films of the wild flowers and the birds of the state. Mr. Moore, who is chief naturalist for the state park at Sullivan, and is secretary of the Audubon society of this state, gave interesting facts about the wild life of the state as the pictures were shown.

Mr. Moore stated that a conservation program was being carried on in the state to make Missouri a better place to live. Trees had been cut and land cleared he said until the land was becoming unproductive in places and the streams were filling up with the washed land. He stated that the plan of reforesting and planting in grass would do more than dams for flood control.

meetings as a part of my project.

I have learned to fix vegetables in different ways so that they will be better liked.

Now that school has opened it is my duty to get up, get breakfast, fix my lunch, fix a lunch to leave for my dad, then get supper after school. This takes planning ahead to decide what to fix that doesn't take much time and at the same time is nutritious.

"As the saying goes, I have learned to do by doing. I have certainly enjoyed this project and learned much from it. This will continue to be useful to me in years to come."

## Graham Wins His Match With Holbrook

Orville Brown Comes Here Next Week To Meet Ray Graham

The Tuesday night wrestling show proved to be a real entertainer with each match furnishing plenty of action to the satisfaction of more than 800 thrill seeking fans. Vic Holbrook, the Sinatra of the wrestling ring and who the "bobby sox" followers had made their favorite lost to Ray Graham, Dallas, Texas, in another of those rough house matches.

Orville Brown, claimant to the heavyweight championship, scheduled to come to Sedalia next Tuesday night had accepted the match to meet the winner of the Holbrook-Graham match. Graham was informed that he was slated against for next week, and he in a leering way remarked—so what?—bring him on.

Graham won the first fall from Holbrook in 10 minutes and 33 seconds using the step-over toe hold, and clipping his opponent in the fleshy part of the leg with his fist. Holbrook gave way to the torture. The second fall went to Holbrook who after using Jiu Jitsu

## Sooners and Tigers' Contest A Bitter One

Conference Titles Often Settled by The Two Colleges

By Allan Merritt  
KANSAS CITY, Nov. 14—(AP)—Even if the Big Six football title were not at stake—and it is—the Missouri-Oklahoma tilt at Columbia Saturday should be a bitterly-contested battle on several counts. For the past seven years, it's been largely a two-way battle between the two schools for conference championships. If one of the universities wasn't on top in league standings, the other usually was.

Each has won three titles since 1938, with Nebraska's Cornhuskers slightly soiling the record by charging off with Big Six honors in 1940.

And the argument between Missouri's Tigers and Oklahoma's defending champion Sooners wasn't settled, by one iota, in last year's wild contest at Norman where they battled to a 21-21 deadlock.

As the squads worked overtime getting set for the important tussle, Missouri fans had some good news and Coach Dewey (Shorter) Luster of Oklahoma was shifting players around to plug vacancies left by injuries.

Jack O'Connell, Missouri's starting fullback who was dropped from the university rolls last week because of scholastic difficulties, was reinstated by school authorities and will be on hand and in uniform for Saturday's game. Coach Don Faurot said O'Connell had talked things over with his professors and convinced them he could make up for his deficiencies. Acting head coach Chauncey Simpson said he was "pleasantly surprised" by the announcement.

At Norman, Everett Harvell was switched to the blocking back position with the Sooners. He has started every game at left guard since Don Tillman was injured in the Nebraska game, but Tillman is ready for action again and will take over his old spot. Luster has put Gayl Pair, third string half-back, in the starting wingback position.

Meanwhile, Coach Luf Fiser at Kansas State was worried over a ragged practice session showing by his wildcats, who get their last chance for a conference victory this year against Kansas at Lawrence Saturday.

Nebraska's Cornhuskers, who meet South Dakota university at Lincoln, were scheduled, to resume practice today after being rewarded with a two-day layoff for their victory over Kansas State. Iowa State went through a brisk drill in preparation for their game with Drake at Des Moines.

And getting back to Missouri again, head coach Faurot—just returned from three years of navy duty—is thinking over some post-war plans of his own. He expects no change, he says, in Missouri's policy of playing big name opponents.

one two years old - - - the other a calf

This is one of the best Hereford herds in the State of Missouri. An outstanding herd of grass fat cattle that should appeal to farmers and breeders. They are all of good size, deep body, heavy bone and quality.

The heifer foundation stock of this herd was purchased in 1941 from J. B. Overfelt, Red Wing, Colorado, and is of Prince Domino breeding.

W.H.R. True Mold 41st, Registration No. 2971241, is the sire of these calves and the cows are rebred to him. He was grand champion and sold as a calf for \$2,200, and was purchased from the Wyoming Hereford Ranch at Cheyenne, Wyoming.

Be sure to attend this sale if you want some good cattle.

## Sports Roundup

By Hugh Fullerton, Jr.

NEW YORK, Nov. 14—(AP)—A good way to get in wrong: Andy Gustafson, Army backfield coach, thinks that Mississippi's Shorty McWilliams isn't as good a half-back as Bobby Jack Stuart, former Tulsa flash who is Shorty's rival for the right half spot at West Point. . . The difference is that Stuart has more speed. . . On the other hand Lt. Carl Anderson, former Army footballer and hurdler, maintains that McWilliams probably could be elected governor of Mississippi in about five years. . . One sure thing is that if they'd put goal posts on the state capital, Shorty would run towards them.

## Today's Guest Star

Joe Gootter, Paterson, N. J., Evening News: "Billy Southworth has been named manager of the Boston Braves, a spot where he won't find the sort of material the St. Louis Cardinals were able to give him. . . None but the (better than) fair deserve the Braves."

## One-Minute Sports Page

The Association of College Baseball Coaches will hold its first winter meeting in St. Louis Jan. 8, the day before the national collegiate AA meeting. . . One topic of discussion will be an all America ball team. . . The Sugar bowl program which used to run a week, again will be strictly football this winter. A basketball game was all lined up when the Bowlers found there wasn't a chance of getting a sizeable court.

## Orders is Orders

Spherical Steve Owen, the football Giants' coach, was telling with a broad gustatory grin about hearing from a friend in Oklahoma who wrote: "I am sending 25 pheasants from South Dakota. I hope you won't mind." . . . Steve's boss, Jack Mara, broke in: "From Oklahoma? Send them back and tell him to send you Bob Fenimore."

## Get Limit of Pheasants

John C. Brown and his son, John, Jr., 709 Wilkerson, Cecil Bohon, 1805 South Kentucky avenue, and his brother-in-law, Ralph Finkland of Kansas City, formerly of Sedalia, have returned after a week's pheasant hunting in South Dakota. They were located at Tripp. Each got his limit of 40 birds.

## NOTICE TO SHAREHOLDERS

## Two U. S. Fliers Cremated By Jap Troops

Atrocities By  
Nipponese Are  
Substantiated

By Dean Schedler  
MANILA, Wednesday, Nov. 14.  
—(P)—Two downed American  
airmen were bayoneted, saturated  
with gasoline and cremated alive  
by Japanese troops, the U. S. mil-  
itary commission trying Lt. Gen.  
Tomoyuki Yamashita on atrocity  
charges heard today.

An American officer in charge  
of graves registration substantiated  
part of his testimony with pic-  
tures he took of the fliers' fire-  
blackened bodies.

The officer said the fliers were  
gunners from a twin-engine plane  
that crashed off Cebu. His pic-  
tures showed their arms still tied  
behind their badly burned bodies  
which he discovered in an aban-  
doned Japanese foxhole.

He said he still could see marks  
where a heavy instrument had in-  
flicted wounds at the bases of the  
men's necks.

A Filipino who emerged from  
hiding near the foxhole told him  
the Japanese forced the men to  
stop beside the hole, struck them  
with bayonets, poured gasoline on  
them and ignited the fluid. One of  
the men, badly injured, struggled  
to the edge of the foxhole and  
begged for water.

Three Japanese soldiers poured  
more gasoline on the semi-con-  
scious American and fired it.

**To Hear Cebu Charges**  
It was announced that a second  
military commission, to hear  
charge of a Cebu massacre, will be  
headed by Maj. Gen. Basilio Val-  
des, who earlier testified he found  
his brother's body in Manila's rub-  
ble.

Yamashita is accused of respon-  
sibility for mass atrocities by his  
troops.

## Anonymous Letter As An Instrument Of Propaganda

NEW YORK, Nov. 14.—(P)—An  
anonymous letter which appeared  
in the Washington Post last July  
21 was anything but a chance  
contribution from an interested  
reader.

It was an instrument of propa-  
ganda used by a small specialized  
U. S. psychological warfare team  
and aimed at defeatist elements in  
the Japanese war cabinet.

This group of six men operating  
in a restricted area in a converted  
garage building in the nation's  
capital was headed by naval Capt.  
Ellis Mark Zacharias, who tells in  
this week's issue of the Saturday  
Evening Post, why and how that  
move came about.

Captain Zacharias, whose inti-  
mate knowledge of the Japanese  
language and leaders led to his  
selection for this job, already has  
received public acknowledgmen-  
tation for the validity of his work. It  
consisted of 14 broadcasts, spread  
over a three months period, and  
aimed at the Japanese high com-  
mand.

By the time Captain Zacharias  
was ready for his twelfth broad-  
cast Premier Suzuki had indicated  
in a speech before the Japanese  
diet (which speech according to  
Captain Zacharias was "addressed  
to us rather than the diet") that  
the game had so progressed that  
only one point remained to be  
solved. Suzuki wanted to know  
the future status of the emperor.

**Picked Up By Listening Posts**  
With the full cooperation of its  
editors, Captain Zacharias plann-  
ed his anonymous letter to the  
Washington Post. As he had sur-  
mised, it was "picked up by the  
listening posts of the Japanese  
government in Washington, D. C."

The letter named five docu-  
ments, including the Atlantic  
Charter and the Cairo declaration,  
as holding the answer to Suzuki's

James Bowie of Bowie knife fame hated  
crooked gamblers. In 1832, on the steamer  
New Orleans, a young man was fleeced of  
\$45,000. Bowie stepped in, caught one of the  
sharpers drawing an extra ace from his sleeve,  
forced him to show it under threat of his  
knife, and took the pot with four kings. Bowie  
restored the young man's losses, and made  
him take an oath never to gamble again.

The November meeting of Bow-  
ling Green Homemakers club was  
held at the home of Mrs. George  
Holman, who was assisted in hos-  
tess duties by Mrs. Claude Gard-  
ner.

In the absence of both president  
and vice president, the secretary,  
Mrs. J. W. Stephens presided over  
the business session. Mrs. P. A.  
Cary led the devotional service.  
"Something I am Thankful For"  
was roll call subject. Three of-  
ficers were elected in the routine  
of unfinished business—Mrs. L.  
Igo, 4-H sponsor, Mrs. George  
Holman, child development chair-  
man, and Mrs. Ollie Lotspeich,  
reading chairman.

Mrs. J. B. Ellison reviewed the  
book, "A Tree Grows in Brook-  
lyn."

## Women in your 40's

**Do these symptoms  
Betray your Age?**

Do you—like so many women be-  
tween the ages of 38 and 52—suffer  
from hot flashes, nervous tension,  
irritability, are a bit blue at times—  
due to the functional "middle-age"  
period peculiar to women?

Then start at once—try Lydia E.  
Pinkham's Vegetable Compound to  
relieve such symptoms. This great  
medicine helps nature. Taken regu-  
larly—it helps build up resistance  
against such "middle-age" distress.  
For almost a century—thousands  
upon thousands of women have re-  
ported benefits. Also grand stomachic
